Move your body when the sunlight dies  
Everybody hide your body from the scarecrow  
Everybody hide

Make a wish when your childhood dies  
Hear the knock, knock, knock when she cries  
We're all alone tonight

Hold your breath when a black bird flies  
Count to seventeen and close your eyes  
I'll keep you safe inside

He burns my skin  
Never mind about the shape I'm in  
I'll keep you safe tonight, y-yeah

Move your body when the sunlight dies  
Everybody hide your body from the scarecrow  
Everybody hide  
Move your body when the sunlight dies  
Everybody hide your body from the scarecrow  
Everybody hide

Blow a kiss at the methane skies  
See the rust through your playground eyes  
We're all in love tonight. (all in love tonight)

Leave a dream where the fallout lies  
Watch it grow with the tearstain dries  
To keep you safe tonight

Heat burns my skin  
Never mattered 'bout the shape I'm in  
I'll keep you safe tonight, y-yeah

Move your body when the sunlight dies  
Everybody your body from the scarecrow  
Everybody hide  
Move your body when the sunlight dies  
Everybody hide your body from the scarecrow  
Everybody hide

Love, love, love won't stop this  
Bomb, bomb, love won't stop this  
Bomb, bomb, love won't stop this

Run, run, bunny run  
Run, run, bunny run

Move your body when the sunlight dies  
Everybody hide your body from the scarecrow  
Everybody hide  
Move your body when the sunlight dies  
Everybody hide your body from the scarecrow  
Everybody hide  
Move your body when the sunlight dies  
Everybody hide your body from the scarecrow  
Everybody hide  
Move your body when the sunlight dies  
Everybody hide your body from the scarecrow  
Everybody hide
