My Chemical Romance
"Save Yourself"

Right now! Lalalalalala (x2)

Are you ready for a firefight?
'Cause the devils got your number, right? (We said)
We're never leaving this place alive
But if we sing these words we'll never die

Get off the ledge and toe the line
Not a victim of a victim's life
Because this ain't a room full of suicide
We believe and I believe tonight

We can leave this world,
Leave it all behind,
We can steal this car if the folks don't mind,
We can live forever if you've got the time.

lalalalalalala
If you save yourself tonight. (x2)

I'll tell you all how the story ends
Where the good guys die and the bad guys win (who cares?)
It ain't about all the friends you've made
But the graffiti they write on your grave

For all of us who have seen the light,
Salute the dead and lead the fight, Oh, oh!
Who gives a damn if they hit the floor (?)
Let the walls come down, let the engines roar.
We can leave this world,
Leave it all behind,
We can steal this car if the folks don't mind,
We can live forever if you've got the time.

Woah. I'm the only friend that makes you cry,
Your a heart attack in black hair dye,
So just save yourself and I'll hold them back tonight.

Oh. Are you already where you are at?
If you save yourself tonight...
'Cause I'm coming for you!

Can you save yourself tonight?
Right now... I can hold them back

We can leave this world,
Leave it all behind,
We can steal this car if the folks don't mind,
We can live forever if you've got the time.

You motherfucker!

Woah, you're the broken glass in my life,
I'll be your burning star if it takes all night
So just save yourself and I'll hold them back tonight!

lalalalalalala
If you save yourself tonight...
lalalalalala
Can you save yourself tonight?
