Gerard: Well, are you ready, Ray?

Ray: Yeah...

Gerard: How about you, Frank?

Frank: Oh, I'm there, baby

Gerard: How about you, Mikey?

Mikey: Fucking ready...

Gerard: Well, I think I'm alright

3-2-1 We came to fuck

Everybody party till the gasman comes

sparkle like bowie in the morning sun

And get a parking violation on la brea till it's done

Hair Back,

collar up,

jet black,

so cool!

Sing it like this kids that are mean to you,

c'mon

When you wanna be a movie star (c'mon!)

Play the game and take band real far (c'mon!)

Play it right and drive a Volvo car (c'mon!)

Pick a fight at an airport bar

The kids don't care if you're all right honey

Pills don't help but it sure is funny

Gimme gimme some of that vampire money c'mon!

3-2-1 we got the bomb

everybody hurry till the tax man comes

Glimmer like Bolan in the morning sun

and get your finger on the trigger

tap the barrel of a gun

Hair back, motherfucker!

jet black,

so cool
