All the years I've gone
Through my life
Taken the fall
Just to make it alright

Our time and place
Never could erase
The day we met
You can't make me stay
I wouldn't any way

'Cause it don't feel right
When it's said and done
You can't hold on to the light
If it don't feel right

Yeah, I'm okay
But I'm not the same
Yeah, and I take it in stride
There's no way to lose
With pictures to prove
The lives we made

You didn't take a stand
You didn't hold my hand
You should've held on tight

When it's said and done
She's gonna run
Through the dead of night
If it don't feel right

Crimson pair
We could make 'em stare
Oh, but I slipped right down
I saw his face
All time erased
Yeah, but that don't make it right

You got a thousand lives
You going off in time
Just to change my mind

With so much to prove
Babe, you're on the move
It's a million miles
When it don't feel right, hey
