

My Darkest Hate

"Blood Pounding Black"

Blood is
Pounding black
Fear is coming back

You suffer
My destiny
Give blood back to me

Bleed, my friend
Like all the others did

I will...

Smell blood
Your skin is red
I love the dead

I am
The last
Long forgotten past

Bleed, my friend
Like all the others did

No more...

BLOOD POUNDING BLACK

Deep inside
Feel hunger
Nowhere I can hide

Exist to
Resist, forget
And forgive for god
