The Thrash Of Naked Limbs

Beauty is fragile, and time eats at it

This passion play

Smothered in effort, The thrash of naked limbs

Glistening skin

Close your eyes, the whispered sighs

Frightening lust

Sweet was her breath, tasted by mine

Words are more effective when concealed

Through the halfflight on her body

My fearful hands tremble their way

Take me, anywhere that you like

Hold me, deep within. Do what you like

Take me, anywhere. Warm the night

Take me, take me, take me

With the lights low, and you naked on the warm floor

Me beside you, softly kissing, caressing

Make love to her while she's crying

I could die now, and die happy

Le Cerf Malade

Il en coute A qui vous reclame

Medecins du corps et de l'ame

O temps! O moeurs! J'ai beau crier

Tout le monde se fait payer

Gather Me Up Forever

The pain never stops

The race ignore me

I sit here twisted, and it hurts me.

The Son is near

His way made for him

Among the hopes
Ten thousand suffering
Oh how my heart aches
The brilliant stories cascade about me
To be handsome again
Thou art all deformed, and I feel your pain
What I touch with my hand, I touch with my heart.
The affection of stillness
Kiss the hand that blesses me
And as the panting ceased
My blood runs now fierce
This when I was young, before I knew nothing
Now I'm the hunted, for the guilt that stains my hands.
I Am The Bloody Earth
Lay down with beasts, and welter in my gore
Fill your cups of Christ. I am the bloody earth
Bright, riding in heaven. The player in rags
White Bat is death? Feed it to pigs
Rise to be a king, shining with power
Down silent avenues, I live on
Life You owe yours to me
Wear Me around your neck
Kneel And cry for me
Son Father please help me
Safe delivery of a handsome child
Merry and sweet looking
My endeavours to rise seem useless
But I will fight the distance between us
