You put on
your make up just right
For Something and I guess
that you accidentally fell into that dress
You'll show up
on every radar screen tonight
my baby
with the echo strength
and rejection circuitry
So gracefully
unaware that she
is the brightest girl
this boy has ever seen
and our bodies talk
even if we don't want to
but your eyes say that you want to
like right now
so if that's true
all you want is someone to talk to
well i will be right here
listening for you
she explains to me
her whole story
how she was stuck in the desert by the hands of forty
thieves
and then released
because even thieves believe
that if you find love you gotta set it free
honestly I'm not so sure that she
thinks I'm being the man that i deserve to be
so gracefully
unaware that he
is the brightest boy
this girl has ever seen
and our bodies talk
even if we don't want to
but your eyes say that you want to
like right now
so if that's true
all you want is someone to talk to
well i will be right here
listening for you

because your perfect
just the way you are made
and i wouldn't want you any other way
those boys will lie to you
but you won't believe
and our bodies talk
even if we don't want to
but your eyes say that you want to
like right now
so if that's true
all you want is someone to talk to
well i will be right here
listening for you
You put on
your make up just right
For Something and I guess
that you accidentally fell into that dress
You put on
your make up just right
For Something and I guess
that you accidentally fell into that dress
You'll show up
on every radar screen tonight
my baby
with the echo strength
and rejection circuitry
So gracefully
unaware that she
is the brightest girl
this boy has ever seen
