So here i am, i'm alone again  
Dialing the numbers i call my friends  
When i call you, just say "are you in?"  
Because you are the shining star,  
And inside you hides where all the stories are, the  
stories are....  
They are so gorgeous, i think i'm going to break open  
and i could wait  
a month, a year, as long as it takes for you  
So let's just see what we can do,  
i'm leaving the game all up to fools for you  
Because we move like the rhythm moves you  
And nothing comes close to the things in life that we  
hold to  
You are so gorgeous, i think i'm going to break open  
and i could wait, a month, a year, as long as it takes  
For you  
I heard you say, this town is boring, but if you are  
bored  
well then you're boring me  
You are so gorgeous, i think i'm going to break open  
and i could wait, a month, a year, as long as it takes  
For you  
When they started the scene, i helped them write the  
letters  
Then we started to sing, it got better and better  
Whats better then better?  
kids getting together for every chain that gets severed  
never again will we  
Will we let them take it again?  
Their grip on our hearts is weakening  
This life is my life i'll my mistakes  
I'm going to do that anyway  
Will we let them take it again?  
Their grip on our hearts is weakening  
This life is my life i'll my mistakes  
I'm going to do that anyway
