Girl model A will save me...
Girl model A needs saving...
She says someone please come rushing in
and push me out of the way of this fashionable
new mode of love that just wants to add exceptions
to the simplest fact that life is all about you being
strong
enough to figure it out, in spite of your fear, in spite of
your doubt, and ask who are you?
When they ask, who are you?
With these eyes all around me i see, that there is
nothing
left to be, it has all been said and i won't repeat again
what you've seen across these thousand isles, it has
been
sold a million times, it is all for you, over you, all in you.
