Oh my god, we've lost so much
Oh my god, will they let us go?
i am afraid they wont, you know how scared i am
excuse me ma'am, i'm here from the police
I need to know if you've seen anything out of the
ordinary
the killers are free, they're out in your streets and they
don't sleep
When you hear that siren call, will it wake you from your
sleep?
how many bodies must be covered by bloody sheets?
When you hear that siren call, will it wake you from your
sleep?
how many bodies must be covered by bloody sheets?
Oh my god, we've lost so much
Oh my god, will they let us go?
i am afraid they wont, you know how scared i am
Oh my god, put your strength in me, oh please
Excuse me ma'am, i'm here from the police
I need to know if you've seen anything out of the
ordinary
the killers are free, they're out in your streets and they
don't sleep
Excuse me ma'am, i'm hiding from the police
I'm pretty sure they're trying to kill me
but maybe it's ordinary
they steal every dream, with a twisted machine and
they don't sleep
when you hear that siren call, will it wake you from your
sleep?
how many bodies must be covered by bloody sheets?
when you hear that siren call, will it wake you from your
sleep?
how many bodies must be covered by bloody sheets?
when you hear that siren call, will it wake you from your
sleep?
i need to know if you feel anything
Oh my god, we've lost so much
