The evening sun begins to fade,  
And everyone just drifts away.  
There's only you, and only me,  
Silent here with nothing left to say.

A single tear runs down my face,  
And I am lost in what to do,  
I cannot speak, I cannot move,  
Just only look back at you.

Then you turn and walk away,  
And I just watch you leave,  
This is the story of us,  
The story of you, the story of me.

How could you leave me,  
After all we've been through,  
I guess you just meant more to me,  
Than I ever did to you.

Then you turned and walked away,  
And I just watched you leave.  
This is the story of us,  
The story of you, the story of me
