Love

I need it give me more

I don't need anyone else to show me

When you stare at me I feel the sun's heat

But, it don't burn me

You've never burned me

I don't think you will

When you speak to me I hear the world sing

It's a song for you

It's a song for me

Just for us

I'll sing it for you

I'll sing it for you

Love

I need it give me more

I don't need anyone else to show me

Taking a ride up on a lazy elevator  
With no cables to hold us up if we fall

And right here on this stage

I can see towns that we might fall upon

If we choose to fall, I'll be with you

I'm not afraid to fall

I'm not worried at all

I'm not afraid to fall

I'm not worried at all

I'll sing it for you

I'll sing it for you

Love

I need it give me more

I don't need anyone else to show me...
