I don't need your mercy

Farewell

Someday I might be the one to give you everything you want

But, today I have nothing to give

Nothing to give you

Someday I might write a song that will make you want

to sing along

From a high stage

With lights that circle around me

Circle around me

Circle around me

It might be someone who looks like me

It might be someone who sings like me

It might be someone else

I don't need your mercy

Farewell

Someday I might carry a sword and defend you

by swinging it hard

But, today I have not enough strength

Not enough strength

And someday I might own a car that I can drive

as far as I want

Without it breaking down

You know how that goes

It might be someone who looks like me

It might be someone who sings like me

It might be someone else

I don't need your mercy

Farewell
