Dust, mask, shadow
I had vision tales of wonder send me
They add sensation to my life
I love fiction swords and capes and lovers
Graffiti scribbled on the wall
The reason of invention is scratched upon my soul
I'll give you yellow time, Zorro
I'll give you yellow time, Zorro
Ah, I ride so fast because of you
Take me to the moon, tornado
Give me something, I'll fly with you, tornado
I had vision tales of wonder send me
They add sensation to my life
The reason of invention is scratched upon my soul
I'll give you yellow time, Zorro
I'll give you yellow time, Zorro
Ah, I ride so fast because of you
Take me to the moon, tornado
Give me something, I'll fly with you, tornado (x 2)
Flic floc fresh block
You can't believe me now
Flic floc fresh block
You smell like dynamite
Everybody's decisions
Can you give me good vibes
Ever and ever
Welcome desire
Ah, I ride so fast because of you
Take me to the moon, tornado
Give me something, I'll fly with you, tornado (x 2)
