I'm ten feet tall and I know where your boyfriend lives
Does he wanna take it or does he wanna give

Got a knife and I know how to use it
Got a knife and I know that he's to blame

I'm ten feet tall and I know where your father lives
Is his favourite game the same as his favourite drink

Got a knife and I know how to use it
Got a knife and I know that he's to blame

Fall asleep fall asleep fall asleep in his cage
Never knew never knew I was no one
Never knew never knew I was no one
Fall asleep fall asleep fall asleep in his cage
Never knew never knew I was no one
Never knew never knew I was no one

I'm ten feet tall and I know where the fascist lives
I'm gonna take a knife round his house and show him
how to give

Got a knife and I know how to use it
Got a knife and I know that he's to blame

I'm ten feet tall and I still know where your boyfriend
lives
Does he always take will he ever give

Got a knife and I know how to use it
Got a knife and I know that he's to blame
(in a cage on prozac, in a cage)

Fall asleep fall asleep fall asleep in his cage
Never knew never knew I was no one
Never knew never knew I was no one
Fall asleep fall asleep fall asleep in his cage
Never knew never knew I was no one
Never knew never knew I was no one

(in a cage on prozac)
