I aint mad with you darling  
Im just a bit disappointed  
You took every chance that I had  
And still you went and disappointed  
Oh well I tell you it's changing  
Its changing right here and now  
Go pack your bags and your hairdo  
And get your pretty face out of my house  
And with these words  
Well then she knocked me down  
Then she knocked me down  
And this is what she said  
Well I never I never never never loved you boy  
She said well I never I never never never loved you boy  
And with those words I hit the ground  
I could never be mad with you darling  
Just a bit disappointed  
I wouldve sold my heart to the devil  
Just to touch your face again  
And still you went and disappointed  
Oh well I tell you it's changing  
Its changing right here and now  
Go pack your bags and your hairdo  
And get your pretty face out of my house  
Well then she knocked me down  
Then she knocked me down  
And this is what she said  
Well I never I never never never loved you boy  
She said well I never I never never never loved you boy  
She said well I never I never never never loved you boy  
She said well I never I never never never loved you boy  
And with those words I hit the ground  
I aint mad with you darling  
Just a bit disappointed
