Spirit child
Baby's gone home dancing with the stones
Now for her
New days dawn when she's dancing alone
Diva
Super-fied lovin' never coming down
Diva
Baby's earned her way lady love abound
Baby you can cry
There is no shame
And maybe when we die
There'll be no pain
Diva
Don't you leave me alone
Oh, diva
Don't you go away
Wonder child
Sky pilots waiting for an epitaph
Sing to me
It's their last chance for you autograph
Diva
Super-fied lovin' never coming down
Diva
Baby's earned her way lady love abound
Baby, you can cry
There is no shame
And maybe when we die
There'll be no pain
Diva
Don't you leave me alone
Diva
Don't you go away
