(Wright/Pollock)

Muddy, mine...Mind lock insecurity
Play me, fine...Break out won't you cover me
Save me from this hateful state of mind
I was so beautiful, I was one of a kind
This is fear, look at what it's done to me
This is fear
This is fear, look at what it's done

This is fear...Sinking sand...Mind lock, insecurity
I play my hand...Break out won't you cover me
Save me from this hateful state of mind
This is fear, look at what it's done to me
This is fear
This is fear, look at what it's done
This is fear
