

My Sister's Machine "Wasting Time"

Visit "[Wasting Time](#)" on MotoLyrics.com

Live or die and the sun will shine
Look how far we go
Waste our lives and spend our love
Why I just don't know
I know now I can't go back
To the things I couldn't face
I blinded my own eyes
To the times I just erased
I shot myself down - I never tried to live
All will be forgiven
It's coming back around - all my hopes and fears
All will be forgiven
All will be forgiven
I was wasting my time
There's some things you can never change
Your born - you live - you die
Make blind choices how we live
Never asking why
I know now I can't go back
To the things I couldn't face
I blinded my own eyes
To the things I couldn't face
I shot myself down - I never tried to live
All will be forgiven
It's coming back around - all my hopes and fears
All will be forgiven
All will be forgiven
I was wasting my time
