Show me the secret  
Behind your intensions  
(Before I got)  
Before I got  
Another impression  
Of dubious emotions  
Cause I don't wanna be your slave

[Chorus]  
I see you deride  
All the feelings I use to hide  
I'll never complain  
As you hurt me I want to stare

Somewhere there will be something  
To explain me why  
Oh, oh  
You want me to be enslaved  
By the wish of your love

Show me the way  
Of your gratification  
(Before I was)  
Before I was  
Another insensible  
Sign of desolation  
Cause I don't wanna take these chains

[Chorus]  
I see you deride  
All the feelings I use to hide  
I'll never complain  
As you hurt me I want to stare

(The pain, the anger the suffering
