How do you feel  
When my emotions come to real  
And all your breath declines  
Into silver drops of light  
The vanishing point  
Where I put my mortal spoils  
Where I'd like to fade away  
Where I'd like to cut my veins

[Chorus]  
These shades of grey  
These shades of me  
I made this void inside  
These shades of grey  
You left in me  
I never meant to change your life into death

How can you feel  
As my devotion comes to real  
As I weep myself to sleep  
Into these crawling shades of grey  
This perishing light  
If I try to close my eyes  
If I try to fade away  
Now it's time to cut my veins

[Chorus]  
These shades of grey  
These shades of me  
No redemption for your life  
These shades of grey  
You left in me  
I never meant to change your life into death

Fear - Coldness - Confusion  
The twisted form of my mind  
An empty cradle painted of black  
This is the maze that closed myself

These shades of grey  
These shades full of memories

These shades prevail  
Surrounding all I see  
The shades of grey  
The shades of my life
