Ah...

Ah...

Ah...

Ah...

Da dum ba ba da

Da dum ba ba da

Da dum ba ba da

Da dum ba ba da

Da dum ba ba da

Da dum ba ba da

Da dum ba ba da

Da dum ba ba

You ain't even gotta tell me nothin' I know I'm too bad

Yea you're catchin' whiplash tryna sneak a second  
glance

Baby keep on lookin' 'cause I'm as bad as it gets

The way I'm looking tonight

I'm gon' be breakin' some necks

Can't let your girlfriend know I'm gon' get you in trouble

Body got you mesmerized thinkin' you're seein' double

Don't try to play it off 'cause baby I can bet

The way my dress fittin' right

I'll make you break your neck, break your neck

I'll make you break your neck, break your neck

I'll make you break your neck, break your neck

I got 'em breakin' their necks, I got 'em breakin' their  
necks

I'm gettin' hated 'cause I got her man's attention

She may be cute and all but I'm showin' him what he's  
missin'

I got him fantsizin' 'bout what he can get

The way I'm lookin' tonight

I'm gon' be breakin' some necks

Feelin' myself so is every man in this place

Oh boy when I say somethin' I can tell by the look on his  
face

He's lovin' the way I swing my hips from right to left

The way I'm movin' just right

I'll make you break your neck, break your neck  
I'll make you break your neck, break your neck  
I'll make you break your neck, break your neck  
I got 'em breakin' their necks, I got 'em breakin' their necks

I got 'em pushin' and shovin' tryna check out the way  
I'm stuntin'  
I'm that diva best believe I don't try or gotta do nothing  
'Cause I'm as fly as can be  
And that's why all eyes are on me  
I walk in got your attention  
Tryna be cool but I caught you flinchin'

Da dum ba ba da  
Da dum ba ba da  
Da dum ba ba da  
Da dum ba ba da  
Da dum ba ba da  
Da dum ba ba da  
Da dum ba ba da  
Da dum ba ba

I'll make you break your neck, break your neck  
I'll make you break your neck, break your neck  
I'll make you break your neck, break your neck  
I got 'em breakin' their necks, I got 'em breakin' their necks
