Yo, this is Mya  
You know the hook  
You see the bait  
I know you want a bite  
So why procrastinate  
Come on  
Yeah, yes  
(Remember this)  
What you doin' over here?  
Bring it over here  
Let's see what you got  
Listen,  
Every body knows that, yeah  
I am kinda shy  
And I'm not the kinda girl  
Who could ever approach a guy  
But I want to find a way  
To get you to notice me  
I got a 4 wheel drive, 5' 5"  
Brown eyes, but maybe  
You could handle these

Because I'm free  
Single, sexy, and sweet  
Making my own money  
Looking for the right party  
And if you're free  
Spit your best game at me  
If you like what you see  
Maybe I'll let you share  
My fantasy

Now I don't need a man in  
Ny life try-na tie me down  
And I don't want a playa  
Who got kids all over town  
Don't want his curl-juice drippin'  
All over my Mercedes seat  
I can't stand a man who thinks  
He looks better than me  
I'm looking for a brother

Who likes to have fun  
A fly gentleman who knows  
How to please a woman  
Last thing I need  
Is a man that's soft  
He better get it on up  
And break me off  
Some that fly high rise  
6' 5", ain't shy  
And that's kinda man I need

Because I'm free  
Single, sexy, and sweet  
Making my own money  
Looking for the right party  
And if you're free  
Spit your best game at me  
If you like what you see  
Maybe I'll let you share  
(Can you handle me?)

Because I'm free  
Single, sexy, and sweet  
Making my own money  
Looking for the right party

And if you're free  
Spit your best game at me  
If you like what you see  
Maybe I'll let you share  
My fantasy

If you're having a good time  
Just let go and don't be shy  
Come on, yeah  
(Oh yeah)  
If you're down to do it better  
Let's sing this song together  
I'm free  
(Oh, oh)  
Come on and be free with me

(Whoo, heh-heh, uh  
That's right, uh)  
(I'm free)  
Because I'm free  
Single, sexy, and sweet  
Making my own money  
Looking for the right party  
(Don't you know that, I'm free)  
I am free

Spit your best game at me  
(Come on)  
If you like what you see  
Maybe I'll let you share  
(My fantasy)

Last chance

(Whoo)  
Would you like to dance  
Get loose (uh) tonight  
All right, don't be shy, all right  
Do your thing boy  
(Tonight, all right)

Everybody in the house High rise  
All the brothers up in here 6' 5"  
Got to get it on up get high  
You know you look  
Good tonight  
(Free tonight)  
All the ladies in the house 5' 5"  
Got to show them  
What you got thick thighs  
Freak 'em on  
The floor get high  
Ya know ya lookin'  
Good tonight

Ooh, boy  
You look so good to me  
You might get lucky  
'Cause I feel free tonight  
Are you available?  
Did you come here alone?  
Won't you hang out with me?  
I'll freak you and  
The dance floor

(I'm free  
Are you having a good time?  
I'll get freaky on  
The dance floor  
'Cause I'm sexy, yeah  
I'm free  
Come dance with me)
