Here we are again  
Finding ourselves at the end  
Of the wrong stick  
I guess it's far too late  
I'm building up the barricades  
In my head

And I guess you'll learn soon  
She said, someday

Swallowing you whole  
You're waiting for them all to choke  
On the bones  
Another sorry case  
The surgeons trying to save his face  
From the clones

And I guess you learn soon  
She said  
And I guess you learn soon  
And I'm trying hard to  
Understand your ways

And I guess you learn soon  
She said, someday
