Where The Dream Takes You

They'll try to hold you back
They will say your wrong
But they will never understand
The journey that your on

They'll try to change your mind
They'll try to change your heart
But they will never understand
Who you are
And you'll still believe
And you know, you must go

Where the dream takes you
Where your dream takes your heart
Where your heart longs to be
Your dream will lead your on
When you finally find that place
You'll find all you need
Where the dream takes you

There's something in your soul
That won't be denied
It's the faith to dream that keeps
The dream alive
So you'll still believe
And you know, you must go

Where the dream takes you
Where your dream takes your heart
Where your heart longs to be
Your dream will lead you on
When you finally find that place
You'll find all you need

Where the dream takes you?

Go where your heart is meant to be
And you may find somebody there
So won't you share your dream?

Where your dream takes your heart
Your dream will lead you on
When you finally find that place
You'll find all you need

Where the dream leads you
Your dream will lead you home
Where your eyes can see
Your dream will lead you on
There's a world that waits for you
Can neither hold
You'll find your home
Where the dream takes you

Where the dream takes you
