"Almost Naked"

I'm calling you, hopefully you're free to come over
I'm really really, needing you to get here fast so we can
get things over
'Cause I've been thinking about what you said and I like
it
Yes, I've been thinking about you and then I got excited
But I need to know that your intentions are good cause
we're so confident
So treat me like you should, I'm talking everyday

[Chorus:]

You got me ready to expose myself
Let you know my inner most thoughts
And secret places, almost naked
You got me ready to expose myself
Let you know my inner most thoughts
And secret places, almost naked

I'm here, now's the time for us to keep it real, no
playing games
Please don't say what you think, I don't wanna hear
'cause all I need to know is
I got you saying 'cause I like it and I need to know that
once you
I'm trying to open up you, don't you wanna know me too
In and out I think you can handle what I'm all about

[Chorus:]

You got me ready to expose myself
Let you know my inner most thoughts
And secret places, almost naked
You got me ready to expose myself
Let you know my inner most thoughts
And secret places, almost naked

My thoughts been out for so long
And past relationships man been all wrong
I wanna trust again, want you to be my man
I barely admit because my feeling's getting strong
I'm scared, I must admit I don't wanna get hurt again

Need a man who knows what commitment is and by it's
stand
I need to take it slow, I've gotta take my time
I'm fighting hard not to share its way out my mind

[Chorus:]

You got me ready to expose myself
Let you know my inner most thoughts
And secret places, almost naked
You got me ready to expose myself
Let you know my inner most thoughts
And secret places, almost naked

Almost naked, naked
Baby you've got me almost naked
