Undressin' you with your clothes on  
Standin' up while we're layin' down  
You found a position that turns me on  
Temperature's hotter than fire

And the heat has got me burnin' up  
So let's stop, drop and roll together

When we make, when we make, when we make, when  
we make  
When we make love, we use our imagination  
And it always feels like the very first time  
When you got your love in between mine and I'm lovin'  
it

This is what it feels, this is what it feels like  
This is what it tastes, this is what it tastes like  
(It taste like)  
This is what it looks, this is what it looks like  
(Oh, oh)

This is what it sounds, this is what it sounds like  
(Every time we're makin' love)  
This is what it feels, this is what it feels like  
This is what it tastes, this is what it tastes like  
(Every time, every time, anytime)

This is what it looks  
(This is what it sounds like)  
This is what it looks like, this is what it sounds  
(Oh)  
This is what it sounds like, every time we're making  
love

Our bodies work like a playground  
Slippin' slidin' goin' round and round  
And I like this ride, I don't wanna get off  
Oh, now, now and when you kiss my lips

And when, when ya kiss me lips  
You got me tremblin', I'm ready for the perfect hit

When we make, when we make  
(When we make)  
When we make, when we make  
When we make love

Oh, stay creative with it, baby, all night long  
Makin' sure feels like the very first time  
When you got your love in between mine

This is what it feels, this is what it feels like  
(Can you picture that?)  
This is what it tastes, this is what it tastes like  
(I want you to know what it feels)

This is what it looks, this is what it looks like  
(Can you taste it?)  
This is what it sounds, this is what it sounds like  
(Can you hear it?)

This is what it feels, this is what it feels like  
(Can you feel? Oh, baby)  
This is what it tastes, this is what it tastes like  
(This is what it tastes like)

This is what it looks, this is what it looks like  
(This what it sounds like)  
This is what it sounds, this is what it sounds like  
(Oh)  
Every time we're making love

Feels soft, wet and creamy, tastes sweeter than honey  
Exotic sounds, 'cause we're in paradise  
Usin' everything from the top of my hand  
(Oh)  
Down to my toes, give you my all

My body, heart and soul  
(My body, heart and soul)  
I'll shower you with my river of love  
(Yeah, yeah)  
It's comin' down, I'm about to explode  
(Oh)

This is what it feels, this is what it feels like  
This is what it tastes  
(Yeah, yeah)  
This is what it tastes like  
(Yeah, yeah)

This is what it looks  
(Yeah, yeah)

This is what it looks like  
(Whoa)  
This is what it sounds, this is what it sounds like  
(Baby, baby, babe)

When you lay me down, one liftin' me  
Can you hear the sound of my body's peak?  
I wanna go half, let's make a child  
This is what it feels like every time we make love

This is what it feels like  
(This is what it sounds like)  
This is what it tastes  
This is what it tastes like  
(Yeah)

This is what it looks, this is what it looks like  
This is what it sounds  
This is what it sounds like  
(Oh)  
This is what it feels like, this is what it sounds like
