(Please don't) No
(Please don't, please don't, please don't, please don't
make me) No
('Cause I don't) No
('Cause I don't, I don't, I don't, I don't wanna)
Oh baby, baby

(Please don't) No
(Please don't, please don't, please don't, please don't
make me) No, no
('Cause I don't) No
('Cause I don't, I don't, I don't, I don't wanna) No, no...

I know what your father did to your mother
(And I'm sorry)
But I ain't gonna let history repeat itself, nah (no)
Put your hands down right now
And back up mothafucka
I suggest you stop and think before you swing
I'll help you get some help

'Cause you ain't 'bout to use me as no punchin' bag
You stressed out then count to 10
You wanna act a fool and throw a tantrum
Then call up your knucklehead friends
I told you twice before
I'm not the chick you wanna fuck with
'Cause it's problems, big problems
You won't live to see me solve them, no

If you ever raise a hand at me again
A bitch is goin' straight to the pen
'Cause I'm not takin' that bullshit from no damn body
(no, no)
If you ever lay a hand on me again
I'ma have to tell my family and my friends
Goodbye (goodbye) for life (for life)
'Cause I might blackout

Black out
(Please don't) Aw baby

(Please don't, please don't, please don't, please don't
make me)
Don't make me
Black out
You should know better than to take me there 'cause I
will

Black out on your fancy mansion
Black out on your Mercedes Benz
Black out on your ass in public
Black out, no witnesses (do you hear me now?)

I told you twice before
I'm not the chick you wanna fuck with
'Cause it's problems, big problems
You won't live to see me solve them no
You lay your hands on me
I ain't callin' 911
Take your ass into my own hands
And then your ass is done, no

If you ever raise a hand at me again
A bitch is goin' straight to the pen
'Cause I'm not takin' that bullshit from no damn body
(no, no)
If you ever lay a hand on me again
I'ma have to tell my family and my friends
Goodbye (goodbye) for life (for life)
'Cause I might blackout

Black out
Let me see your hands in the air
And I swear I won't care, I'll
Black out
Keep pushin' my buttons
And ooh, you don't wanna see me

Black out on your fancy mansion - Like Left Eye
Black out on your Mercedes Benz - Like Jasmin did
Black out on your ass in public - Applebees or Red
Lobster
Black out, no witnesses - I don't really give a fuck
I don't give a fuck

Black out
Please don't make me (Please don't)
Please don't make me (Please don't, please don't,
please don't)
Please don't make me (Please don't make me)
Black out
(I don't) I don't wanna

I don't wanna (I don't, I don't, I don't)
(I don't wanna) I don't wanna

Black out
I keep a baseball bat in the back of the rover
So please don't make me
Black out
Hide your knives in the kitchen
'Cause if I get to one of them then baby it's over
