i see the line up ahead of me,  
should i just take off running  
i don't wanna come in last  
i wanna win but the other me,  
suddenly feels afraid and i start to pull back  
you have to pardon me for my stupid metaphors,  
i don't use them anymore  
i'm in love, i'm falling in love

and i'm at ease like a summer breeze  
in cut off shorts and a shirt with no sleeves  
heart racing fast, foot on the gas,  
imagining im asking where you wanna go,

let's go dash, i'd cross whatever if you only ask  
i wanna dash, take both hands off of the wheel and  
crash  
i wanna dash, like a gust of wind,  
like a wave come rushing into your arms again  
and in a flash, the laughter gets louder and louder  
the faster we dash, dash...

i see a part of me that lives in you  
and i glow each time that i see your face  
don't know where i'll end but i'll take the chance  
if i'm guilty of loving, i'll take the blame  
so excuse me when i'm drifting off again,  
i'm so captivated,  
i'm in love, i'm falling in love

and i'm at ease like a summer breeze  
in cut off shorts and a shirt with no sleeves  
heart racing fast, foot on the gas,  
imagining im asking where you wanna go,

let's go dash, i'd cross whatever if you only ask  
i wanna dash, take both hands off of the wheel and  
crash  
i wanna dash, like a gust of wind,  
like a wave i'm rushing into your arms again  
and in a flash, the laughter gets louder and louder

the faster we dash

like a waterfall, i'm running, or a hurricane, i'm coming  
it's unpredictable, but my heart's beating too fast and i,  
i don't wanna jump the gun, and i  
i'm too afraid that you may pass me by  
don't wanna fight it anymore,  
so i'm opening up the door,  
and i'm about to make a dash,  
dash..

i just wanna dash  
i'd cross whatever if you only ask,  
i wanna dash,  
take both hands off of the wheel and crash,  
i wanna dash like a gust of wind,  
like a wave i'm rushing into your arms again  
and in a flash,  
the laughter gets louder and louder the faster we  
dash,

dash like a gust of wind,  
like a wave i'm rushing into your arms again  
and in a flash,  
the laughter gets louder and louder the faster we dash
