VRS1:

I wanna wake up in the morning
Feelin' mad at myself
From what I did the night before
I don't wanna know your name
Or where you come from
Your occupation don't mean shit to me

BSEC1:

We can take it to the floor
What you like, I'll give you more
All night long and that's for sure
You and me slip into ecstasy

HOOK:

I...
I wanna get up, I wanna get out
I wanna get lost... Baby
I...
I wanna get out, I wanna get up
I wanna get off... Take me

VERSE2:

Let's go to another place
Release some tension
An intermission... Have your way with me
We'll get lost inside the moment
I'll be your ocean
You be the captain
And set me free

HOOK:

I...
I wanna get up, I wanna get out
I wanna get lost... Baby
I...
I wanna get out, I wanna get up
I wanna get off... Take me

BRIDGE:

Over and over, round and around again

Goin' in circles, what an experience
It's got me open
Never thought I would lose control
But tomorrow I'll wake
And the truth I will face
We could never be serious

HOOK:

I...
I wanna get up, I wanna get out
I wanna get lost... Baby
Can you take it baby, take me
I wanna get up, I wanna get out
I wanna get lost... Baby
I...
I wanna get out, I wanna get up
I wanna get off... Take me
