Just pull your car right up  
What's your name cause sure I got ya  
Yes indeed no catch no credit it's on me

Coming back the satisfaction's guaranteed  
So if you want full service step off in my room  
... just got.. you be coming soon

Ok, if you back to... gonna put you in a position  
Hope you got your insurance, you're about to have a  
collision  
You wanna ride with this... such an ignition,

I see you had to bring it back but you in the mix  
Bad boy... style treat when he sees  
Yeah there never been a problem I couldn't fix  
... separating you from the other chicks  
If... they would mind, if I... then I wouldn't try

If I did I'd probably hear you scream like you die  
Buckle up I'm bout to give it... flying  
... I'ma give it to you... I feel I need the service...

Baby you be running smooth, unless you want my  
insurance  
So stay the inspection gonna approve  
Nation wide, I'm all your... strap on your seat belt and  
enjoy the ride  
I'm gonna give you the full service,... don't worry...  
... let me see what you got under your hood  
Ok, I could... you see... time too  
All you gotta do is just ride with me, and I'm gonna give  
to you...

Full service, sit back relax, watch my handle my  
business  
Full service, you don't have to ever worry  
Full service, cause I'm gonna give you full service  
Full service, that's exactly what I'm gonna give  
Full service, sit back relax, watch my handle my
