(feat. Dru Hill)

[Verse 1:]

Mmmmmmm

Oh you hurt me so bad

It started out so perfect

Something God could only create

a union of both me and you on this special day

Never once did I take for granted

That you've been hurt before

So you treated me like a lady and even more

So I can't understand why you brought the storms into
my life

Tell me why?

You destroyed every part of me

Now what once a beautiful lady

That you showered with your love

Must live with a heart that bleeds

[Chorus Dru Hill (Mya)]

I hope you never have to come this way again (This way
again)

You used to be my lover and my friend (That was the
end)

[Mya:]

So please don't take offense when I say what I have to
say

Cause if you died I wouldn't cry cause you never loved
me any way

[Verse 2]

Promises made and secrets told

late nights spent in ecstasy

We made love in a bed of roses

For the universe to see

There was no holding back from each other

Both of our minds were free

whenever we spent time apart

Boy it seems like eternity

So I can't understand why you brought this pain into my
life

Oh tell me why
I gave you a reason to live
And you used my love in vain
So go on by yourself to survive this alone
You know you can't come back home

[Chorus]

I hope you never have to come this way again (I hope
you never to come this way again)
You used to be my lover and my friend (You did you
did)

[Mya:]

So please don't take offense when I say what I have to
say
If you died I wouldn't cry cause you never love me
anyway
No way no way no way
