If you were mine i'd treat you right  
I would be there for you always take care of you (mmm  
mm)  
I'd give you the world if i was your girl (girl)  
Baby i swear i'll always be there  
(will you be mine?)  
My dad said you can play me for my heart (yeah)  
'cause i never thought that i would fall so far  
But ever since the first time you caught my eye  
(what i'd give be your wife) oh no  
(your on my mind) your on my mind  
In a matter of time you'll be mine  
You'll be mine  
Chorus  
If you were mine (mine)  
I'd treat you right (i would treat you right)  
I would be there for you  
Always take care of you (i would always be right there)  
I'd give you the world (i'd give you the world )  
If i was your girl (if i was your girl)  
Baby i swear (i swear)  
I'll always be there (be there givin you love givin you  
love)  
If i could close my eyes and make a wish ( uh huh)  
If the only thing worth asking for is just one kiss  
'cause i thought about it the since the day you walked  
in my life  
There's no way to deny (there's no way) how i'm feeling  
inside (how  
I'm  
Feelin)  
'cause in a matter of time you'll be mine  
You'll be mine  
Chorus  
If you were mine i'd treat you right ( i would treat you  
right)  
I would be there for you  
Always take care of you  
(i'd give you the world)  
I'd give you the world  
Yes i will  
If i was your girl (if i was your girl)

Baby i swear (ooh i swear i'll be givin you  
Love givin you love)  
Will you be mine  
I told myself a thousand times (its destiny for you and  
me)  
'cause when i close my eyes your face is all i see (gotta  
believe)  
I just can't help myself i want you and baby noone else  
(no one else)  
In a matter of time you'll be mine, i'd give the world if  
you were  
Mine
