I just cant deny (Ooooo)
What I feel inside (I can't deny)
It's true
Girl, Your all I need (No I can't)
Give you my whole life (With you my whole life is for
fill)
It's for fill (Yes it is baby)
Out of all control (Out of all control)
Girl, You make my soul
It's real (Oh, yes it is, oh yea)
Girl, You all I need (Your all I need)
Give you my whole life (Yes you are)
It's for fill (Oh yes you are, Come on)

I just wanted to let you know
That I feel the way you do (You do)
You are my destiny
My heart, my soul, and the rest of me (And the rest of

Take my love you know it's real
Don't be afraid you know the deal
Want to be the one you love in the dark
To share your love and all for more (Oh yea)

Let us love forward from this day (This day)

I wanna always be your lady (Lady)
There's much that we can do (Can do)
