This one of them, this one of them, this one of them
jams ya'll.

This one of them, this one of them, this one of them
play em all nights.

This one of them, this one of them, this one of them
anthems.

This one of them, this one of them, this one of them
make you feel right.

Verse One :

It's been a while since we had a conversation,
And last time wasn't the best,
So here I go I'm picking up the phone
I got to get something of my chest.
Now in spite of the news you heard,
I'm telling you that I don't have another man,
And I never did you dirty baby,
It's taken two months but now I see the best things
you're doing.

Hook :

Just let it pass,
Move on let by-gones be by-gones,
That's what I got to do.
Just let it breathe,
Because life is too damn short,
To be wasting hating you.

Chorus :

Because when it gets down to it,
I still love you,
Gets down to it,
I'm thankful for the times you were here,
When it gets down to it,
I still adore you,
Gets down to it,
Life is too short for tears.

Verse Two :

Now even though it ain't cool,
You know we need to talk about,
Why we had to split and,

We never did work it out.
You got an ego,
You don't ever back down,
I got one too,
You know what that's about,
But I've been thinking about you lately,
Concerned for your safety,
I never wished bad on you,
Even though you did me dirty baby,
Its time to break the silence,
I can no longer fight it with the things your doing.

Hook :
Just let it pass,
Move on let by-gones be by-gones,

That's what I got to do.
Just let it breathe,
Because life is too damn short,
To be wasting hating you.

Chorus :
Because when it gets down to it,
I still love you,
Gets down to it,
I'm thankful for the times you were here,
When it gets down to it,
I still adore you,
Gets down to it,
Life is too short for tears.

Bridge :
This just ain't for me and my love,
This goes out to you and your love,
Shake off your pride,
It'll tear you down,
Pick up the phone and work it out (work it out).
Because it takes a real man to admit his mistakes,
And it takes a real woman to do the same,
You ain't gotta check for him,
You can still check for him,
And let him know how you feel?

This one of them, this one of them, this one of them
jams ya'll.
This one of them, this one of them, this one of them
play em all nights.
This one of them, this one of them, this one of them
anthems.
This one of them, this one of them, this one of them
make you feel right.

Hook :
Just let it pass,
Move on let by-gones be by-gones,
That's what I got to do.
Just let it breathe,
Because life is too damn short,
To be wasting hating you.

Chorus :
Because when it gets down to it,
I still love you,
Gets down to it,
I'm thankful for the times you were here,
When it gets down to it,
I still adore you,
Gets down to it,
Life is too short for tears.
