(Lil Wayne)

Yea, haha

Yezzir, what it is, T?

This rite here is automatic man, understand that

See what you know bout

Scott Storch got torch, and Weezy F. got fire (yes)

And we bringin back, Miss Mya

(Verse 1 - Mya)

If i had a dollar for all of the times I thought I found the  
right one

I'd be a billionaire then I could probably ride out and go  
and buy the right one

I wouldn't mind a dude that could take my attitude, and  
take the time to listen

Someone that understands when I need a little space  
and when I need attention

What I'm lookin' for is

(Bridge)

Somebody with direction(direction)

Somebody with affection (affection)

That knows how to put it on me

That's what I need (that's what I need)

Somebody who can read me

Check me, when I need to be

Pick me up when I'm fallin'

That's what I need

(Chorus)

So when I find you,

I'll never let you get away, never let you slip away

Im'a lock you down, lock you down (Im'a lock you down)

And when i see you,

I'll never look the other way (look the other way)

Never let you slip away (never let you slip away)

Im'a lock you down, lock you down

i've been around the world a couple times

and i swear it never ceases to amaze me

how many different guys use the same tired lines

trying to amaze me it doesn't take a lot to put

a smile on my face i'm not high maintenance  
you just have to be honest from the top and your heart  
has to be dedicated so what i'm looking for is

(Bridge)

Somebody with direction(direction)  
Somebody with affection (affection)  
That knows how to put it on me  
That's what I need (that's what I need)  
Somebody who can read me  
Check me, when I need to be  
Pick me up when I'm fallin'

That's what I need

Chorus)

So when I find you,  
I'll never let you get away, never let you slip away  
I'm a lock you down, lock you down (I'm a lock you down)  
And when i see you,  
I'll never look the other way (look the other way)  
Never let you slip away (never let you slip away)  
I'm a lock you down, lock you down

uh i hope she throw away the key too  
Got me tied up like a 3-piece suite  
uh, Mya's back, got a sweet tooth,  
Miss Caramel, i need 3 scoops  
I could see you, in your beach suit  
walkin round my beach view  
3-bedroom, penthouse, see-through  
Just windows, rich a\*\* nympho's  
Baby Girl i can tell you where you need to go  
Where you ought to be  
On the charter, comin' to Young Carter  
You need direction, I could take you farther  
You need affection, I could crush you harder  
You need protection (protection?)  
Sweetheart, I'm fresh off election  
And if you checkin I won't be far  
I'll be right on your radar (Ya!)

Like an anchor in the water  
I have my priorities in order  
That made you be the only one love in my life  
I would vow to never leave ya  
rub your back boy do anything to please ya  
all you gotta do is come around  
and I'm a lock you down

Chorus)

So when I find you,  
I'll never let you get away, never let you slip away  
Im'a lock you down, lock you down (Im'a lock you down)  
And when i see you,  
I'll never look the other way (look the other way)  
Never let you slip away (never let you slip away)  
Im'a lock you down, lock you down  
(x2)
