You are the man
Always the man

There'll be no darkness tonight
Baby, our love will shine
(Light in your love)
We've had our share of bad times
But now we're in paradise
(Loving each other right)
You're every wonder in this world to me
And I'll never let my baby leave me

Even though we've been through ups and downs
You know, I'll always be around
Why did you do me that way?
But I still love you, baby
Why did you hurt me that way, babe?
'Cause you will always be the man in my life

Won't you lay back in my tenderness?
Let's make this a night, we won't forget
Boy, I need your sweet caress
So just forget about those other days
And make 'em all just fade away
And never ever let nobody come between us
I never wanna lose your trust now

Baby babe, even though
That I'm a pretty young thang
You messed up and you did
Some wrong thangs
But I don't give a damn
'Cause you will always be my man

Even though we've been through ups and downs
You know, I'll always be around
Why did you do me that way?
But I still love you, baby
Why did you hurt me that way, babe?
'Cause you will always be the man in my life

When you left I thought about so many things

And boy I never wanna feel that way again
I got petrified and lost my self control, yeah
I don't ever want you to go nowhere
Don't ever want you to leave

Don't go nowhere
(Don't leave me baby)
Don't leave me babe
(Don't leave me baby)

(You're the only man in my life)
Ooh boy, let me keep you warm
You are the man
Fill you with the sweetest love
Always the man
Lay back in my tenderness
You are the man
Rock me with your sweet caress
Always the man

You are the man
Always the man
(Don't you go away 'cause you're my man)
You are the man
(All through the night)
Always the man

Even though we've been through ups and downs
You know, I'll always be around
Why did you do me that way?
But I still love you, baby
Why did you hurt me that way, babe?
'Cause you will always be the man in my life

Even though we've been through ups and downs
You know, I'll always be around
Why did you do me that way?
But I still love you, baby
Why did you hurt me that way, babe?
'Cause you will always be the man in my life
