(verse 1)

How do i explain somethin unexplainable
Hurry, This here is was untameable,
Love always takes my breathe away,
Mmm, real close hold me don't let go,
Make love to my mind move me back and forth,
Lets rock and roll,
Lets lose control,
You heighten all my senses like Your suppose to, don't
you ever worry bout me leaving cause i'll never go
We planted our love baby now we gone watch it grow
If it wasn't for you i'd never know
How beautiful it feels
Yeah

(chorus)

He ain't perfect but he's my mr.incredibe incredibe
He's the truth no lie mr.incredibe incredibe
