[MYA]

Lately I've been trippin bout you bein so damn far away
The distance between us
Feelings within us
Words that unspoken are killing me
And I know that I love him
Yea I really really love him
But we keep fighting and fighting
(just keep runnin just keep runnin)
And I know that I want him
Yea and I cant live without him
Cuz every time I try to walk away
Keep runnin back to your love [x3]
To your love, baby
Keep runnin back to your love [x3]
To your love, baby
Lonely at home I'm feelin so cold
Cant stand how it hurts your not here with me
Night after night we fuss and we fight
Can't see eye to eye
Riot constantly
And I know that I love him
Yea I really really love him
But we keep fighting and fighting
Just keep runnin just keep runnin
And I know that I want him

And I cant live without him
Cause everytime I try to walk away
Keep runnin back to your love [x3]
To your love, baby
Keep runnin back to your love [x3]
To your love, baby

[IYAZ]

I miss my freaky lil shawty
Coke body shape
Always on my side
Like my gun and my
I try but I just can't let go
I miss your hugs nnd your kiss
Them nice brown eyes

Off in the days wishin for your smile
And I think its time to let them know
And I know that I love her
And I really really love her
Just one more ... we feel ...
And I know that I want her
And I can't live without her
I'm not afraid you'll leave you always run back to me
Keep runnin back to your love [x3]
To your love, baby
Keep runnin back to your love [x3]
To your love, baby
