### Verse 1

What you want  
Want a pickle  
Everytime  
You said something  
What about my feeling  
Cause I'm  
What I purpose to do  
When you want to got out all the time  
when we fight  
All lead up to us  
Sream  
And  
Shouting

### Chorus 1

How we come out of this  
Without  
Scream  
And  
Shouting  
How we goona to workout this  
Without saying something  
Without you looking for me  
Without you lying to me all the time  
Scream  
And  
Shout  
How we spent our weekend  
Without arguement  
Without  
Scream  
And  
Shouting
