"Sold On Your Love"

Sold on your love, I'm so sold on your love
Sold on your love, I'm so sold on your love
Sold on your love, I'm so sold on your love
Sold on your love, I'm so sold on your love

[Chorus:]

From your kiss to your heart and the warmth of your
touch
You shall reach so much love and for me that's enough
You work hard everyday, still you make time for me
More then that is a bless, I'm sold on your love
I'm sold on your love

I'm so so sold on your love, oh baby
Just your presence is enough but wait there's more
You are so wonderful, Mr. Incredible, you are quite the
man
And I can't believe you have chosen me to be your
Your queen, said it feels like a dream

[Chorus:]

From your kiss to your heart and the warmth of your
touch
You shall reach so much love and for me that's enough
You work hard everyday, still you make time for me
More then that is a bless, I'm sold on your love
I'm sold on your love

I know you got so much to do
Working everyday and working every night
But somehow you make the time for me and you
Saturday, Sunday and even on a Holiday
And when we're together you take no calls
You tell me take them away
And your conversation is so one on one
And your mama she deserves enough love

[Chorus:]

From your kiss to your heart and the warmth of your
touch

You shall reach so much love and for me that's enough
You work hard everyday, still you make time for me
More then that is a bless, I'm sold on your love
I'm sold on your love

You really know how to treat a real woman right
I love it, I'm convinced that you are the man
If this were an auction for you I'd pay the highest price
Your love, I'm sold, I'm sold on your love

Sold on your love, I'm so sold on your love
Sold on your love, I'm so sold on your love
Sold on your love, I'm so sold on your love
Sold on your love, I'm so sold on your love

[Chorus:]

From your kiss to your heart and the warmth of your
touch
You shall reach so much love and for me that's enough
You work hard everyday, still you make time for me
More then that is a bless, I'm sold on your love
I'm sold on your love

You got me, you got me, you got me, you got me suga
And I would do anything for you
I'm sold on your love, sold on your love
I'm sold on your love
I'm sold on your love, sold on your love
