Ooh
Now it's official
You're out of my life
Too many tears I've cried
I'm leaving the moments
Behind on the shelf
Believing in you
Was hard for myself

All your apologizes
Outside the door
I can't waste my time on you anymore
I've fallen much deeper than this before

[Chorus]

There's no tears on my pillow
No room for crying
No tears on my pillow
I left them behind
And I found me a better place
Somewhere inside
And I know I won't cry these tears any more

Can't say I'm selfish
I trust in my heart
I know what I want
And it tears you apart
Don't worry about me
Thinking of you

My days are filled
With too much to do

The whole world is waiting
For me to explore
I can't waste my time on you anymore
I've fallen much deeper than this before

[Chorus]

No regrets, no sadness
You're not the first and you're not the last man

Somehow you had me trapped in your web
But it won't be raining
When I hang my head down, oh

No tears on my pillow
I left them behind
And I found me a better place
Somewhere inside
And I know I won't cry these tears
Won't cry these tears anymore, ooh
Tears on my pillow, ooh
No more tears on my pillow, oh
