I've done some stupid shit
I've even lied to you
You know that for a fact
Plus all I've put you through
(All I've put you through)

It still amazes me
(Me)
How you've forgiven me
(Yeah)
If I could take it back
I wouldn't have done those silly things

(How do you do it)
A much more bigger man than me
(How can I repay you)
'Cause you stuck in there with me

(I won't forget your)
How it's so clear, now I see
Still you're the only one that I can count on
Ya never gave up on me

Things come and go
Seasons change, people grow
The world turns
But our love remains the same

Things come and go
Winter, summer, spring and fall
Through it all
Our love remains the same

I don't know how it all happened but
(But)
You're everything and more
(Everything and more)
Even though I might lose you
Because I don't work hard enough

Figured since you lost my trust
(Ooh)

That we would just fall apart
(Yeah)
Now I realize I need to wake up
So I'm giving you all my heart

(I remember)
Oh, watchin' the clouds go by
(You were always there)
Always right there by my side

(Can't forget you)
I can't forget you as I reminisce on this tree
You were the only one that was in my life
Who showed me consistency

Things come and go
Seasons change, people grow
The world turns
But our love remains the same

Things come and go
Winter, summer, spring and fall
Through it all
Our love remains the same

Things change from year to year, girl
But my love for you is always here, girl
Never 'fraid, never have no fear
Baby, call me and I will appear, well

Things change from year to year, girl
But my love for you is always here, girl
Never 'fraid, never have no fear
Baby, call me and I will appear, well

Can I take you away from this place?
Whatever you wanna do, oh my baby, it's cool
Take my hand, let's make plans
Just as long
(As you are here and boy, I'm with you)

Things come and go
Seasons change, people grow
The world turns
But our love remains the same

Things come and go
Winter, summer, spring and fall
Through it all
Our love remains the same

Things come and go
Seasons change, people grow
The world turns
But our love remains the same

Things come and go
Winter, summer, spring and fall
Through it all
Our love remains the same

Things come and go
Seasons change, people grow
The world turns
But our love remains the same

Things come and go
Winter, summer, spring and fall
Through it all
Our love remains the same

Things change from year to year, girl
But my love for you is always here, girl
Never 'fraid, never have no fear, baby
Call me and I will appear, well
