We gone make you dance
We gone make you move
While you up in this motha

Are you ready to do this thing
Said, "Are you ready to git in this swing?"
What's goin' on up in this
Motha motha

Do you wanna party
'Cause if you do now get up and come with me
'Cause I'm gonna make ya, he's gonna make ya
We we gonna make you, we gonna make you dance

We gone make you dance
We gone make you move
While you up in this motha
Said, "We gone make you dance
We gone make you move
While you up in this motha "

If you ain't here to dance
You ain't here to move
While you up in this motha
Said, "We gone make you dance
We gone make you move
While you up in this motha"

Everybody who be up in this bass
Get out yo seat and on yo feet
Just take yo place
To feel this beat, feel this groove

'Cause I'm gonna make dat, he's gonna make dat
We gonna make dat shit fo' you
Move yo body to the side, to the front
To the back, I like that
Who like dat? We like dat, yo

We gonna make you move
We gone make you dance
We gone make you move

While you up in this motha
Said, "We gone make you dance
We gone make you move
While you up in this motha"

If you ain't here to dance
You ain't here to move
While you up in this motha
Said, "We gone make you dance
We gone make you move
While you up in this motha"

We gone make you dance

We gonna make you
We gonna make you move
Said, "We gone make you dance
We gone make you move
While you up in this motha"

If you ain't here to dance
You ain't here to move
While you up in this motha
