They'll try to hold you back
And they will say you're wrong
But they will never understand
The journey that you're on

They'll try to change your mind
They'll try to change your heart, oh yeah
But they will never understand who you are
And you still believe and you know you must go

Where the dream takes you
(Where your dream takes your heart)
Where your heart longs to be
(Your dream will lead you on)

When you finally found that place
You'll find all you need
Where the dream takes you
Where the dream takes you

There's something in your soul
That won't be denied
It's the faith to dream that keeps the dream alive
So you still believe and you know you must go

Where the dream takes you
(Where your dream takes your heart)
Where your heart longs to be
(Your dream will lead you on)

When you finally found that place
You'll find all you need

Where the dream takes you
Go where your heart is meant to be
And you may find somebody there
Someone to share your dream

Where your dream takes your heart
Your dream will lead you home
When you finally found that place
You'll find all you need

Where the dream leads you
(Your dream will lead you home)
All our hearts can see
(Your dream will lead you home)

There's a world that wait for you
You're not alone, you'll find your home

Where the dream takes you
(Try to change your mind)
Where the dream takes you
(Try to change your heart)
Where the dream takes you
(Where you must go)
Where the dream takes you
