Yea, yezzir, what it is?  
See, this right here is automatic man, understand that  
See what you know 'bout  
Scott Storch got torch and Weezy F got fire  
Yes and we bringin' back Miss Mya, get up

If I had a dollar for all of the times  
I thought I found the right one  
I'd be a billionaire then I could probably ride out  
And go and find the right one

I wouldn't mind a dude that could take my attitude  
And take the time to listen  
Someone that understands when I need a little space  
And when I need attention

What I'm lookin' for is  
Somebody for direction  
Somebody with affection  
That knows how to put it on me  
That's what I need

Somebody who can read me  
Check me when I need to be  
Pick me up when I'm fallin'  
That's what I need

So when I find you  
I'll never let you get away  
Never let you slip away  
I'ma lock u down, lock u down

And when I see you  
I'll never look the other way  
Never let you slip away  
I'ma lock u down, lock u down

I hope she throw away the key too  
Got me tied up like a three piece suit  
Mya's back, got a sweet tooth  
Miss Caramel, I need three scoops

I could see you in your beach suit  
Walkin' 'round my beach view  
Three bedroom penthouse, see-through  
Just windows rich \*\*\* nymphos

Baby girl, I can tell you where you need to go  
Where you ought to be  
On the charter, comin' to Young Carter  
You need direction, I could take you farther  
You need affection, I could crush you harder

You need protection, protection?  
Sweetheart, I'm fresh off election  
And if you checkin' I won't be far  
I be right on your radar, yeah

So when I find you  
I'll never let you get away  
Never let you slip away  
I'ma lock u down, lock u down

And when I see you  
I'll never look the other way  
Never let you slip away  
I'ma lock u down, lock u down

Like an anchor in the water  
I have my pride, you're a teasin' order  
That made you be the only one love in my life

I would vow to never leave ya  
Rub your back, boy, do anything to please ya  
All ya gotta do is come around  
And I'ma lock u down

So when I find you  
I'll never let you get away  
Never let you slip away  
I'ma lock u down, lock u down

And when I see you  
I'll never look the other way  
Never let you slip away  
I'ma lock u down, lock u down

So when I find you  
I'll never let you get away  
Never let you slip away  
I'ma lock u down, lock u down

And when I see you

I'll never look the other way  
Never let you slip away  
I'ma lock u down, lock u down

I'll lock u down  
When I see you  
I'll put a padlock on you, baby  
No if and buts or maybes
