Now dawns the payday of devil's deal  
Transplanted love for everyday meal  
You started the game so you gotta play  
Now hear me say  
This white flag is stained  
Upon the promise to cherish the wrong  
Wrecking of your fragile pink world  
Wipes out the stink of your bastard worlds

No time to retake this life  
Ablaze are the memories untied

This price has taken place  
Here's nothing we can't face  
World turns like a big wheel of fortune  
Buy a one-way ticket to torture  
Misery's disposal standing so tall

Wicked anthems of praising the lord  
Discord of your unsolved ties  
Inauspicious smile upon your eyes

Hiding with transparent skin  
Your misery  
Feast and ponder and spit everything out  
Misery assembly line  
Hiding with transparent skin  
My misery  
Eyes wide shut and walking the line  
(Walk this time)

Peel your skin  
Underneath reveals the sin  
Moving on, moving in, don't know where to begin  
Do you feel juiced and weak  
Pins and needles upon your pale cheek  
Tick tock ticking like a time bomb  
Countdown to the fatal song

Don't you fuckin' touch my skin  
This deceiving game you're in  
Don't you fuckin' touch my skin

In this game you can't lose or win

I rise drenched from gasoline  
Condemned ways of lighting the scene  
Reaching the demolishing pain  
And you gotta play  
Got he embellish the emptiness  
Take it with all and nothing less  
Aching times to behold  
Come and taste the filling in the mold  
(Walk this line)
