I tell myself that I don't love you
I tell myself that you're not good for me
Your eyes are green, grey, blue, whatever
But I don't look at them
And I don't look at you
I tell myself that I don't want you
I tell myself that you're not what you seem
And we could never be together
I'm just not into you
But I know that's a
Lie lie lie
Like before before
Everyday I I
Want you more more more
What'm I gonna do
What'm I gonna do
You are the one
It is you
You're the one, you're the one
It's a lie lie lie
Like before before

Everyday I I

Want you more more more

What'm I gonna do,

What'm I gonna do

You are the one

It is you

You're the one, yeah

It's you you you

I tell myself that I don't need you

I'm unaware of who why what you are

The world it don't revolve around you

But you expect it to

Oh Baby, wouldn't you?

I tell myself

that I don't need another boy like you

You're the cause of all the stupid things that I do

And love, It just don't last forever

And I Don't want it to

But I know that's a

Lie lie lie

Like before before

Everyday I I

Want you more more more

What'm I gonna do

What'm I gonna do

You are the one

It is you

You're the one, you're the one

It's a lie lie lie

Like before before

Everyday I I

Want you more more more

What'm I gonna do,

What'm I gonna do

You are the one

It is you

You're the one, yeah

It's you you you

You are the stars

You are the sun

You are the earth

You are the one

All of this time I've not been true

Hiding the fact I wanted you

Lie lie lie

Like before before

Everyday I I

Want you more more more

What'm I gonna do

What'm I gonna do

You are the one

It is you

You're the one, you're the one

It's a lie lie lie

Like before before

Everyday I I

Want you more more more

What'm I gonna do,

What'm I gonna do

You are the one

It is you

You're the one, yeah

It's you you you
