My friends all say there's something goin on,
I'm not the same
They say I'm acting crazy
So what if all I do is spell your name out in the sand
I like to think I'm dreaming

You're all I'm waiting for It's a razzmatazz...
I don't think that I can take it
My heart ticks to the time
It's a ticka tocka tick-it-y-tock

You got me smiling Like I never smiled before
You got me falling
Like I never fall before
You got me
Feeling like I never can get enough
You got me feeling like a girl in love

It's Friday night
There's something magic hanging in the air
You said I should be ready
I feel the butterflies inside
the ones that shows I care
I'm gonna be your baby

You're all I'm waiting for I's a razzmatazz...
I don't think that I can take it

My heart ticks to the time
It's a ticka tocka tick-it-y-tock

You got me smiling Like I never smiled before
You got me falling
Like I never fall before
You got me
Feeling like I never can get enough
You got me feeling like a girl in love

You got me smiling
You got me falling
You got me feeling like
Oh no no no no no

Like a in love

You make me smile
Like I never never did before
You make me fall
Like I never never fell before
You got me feeling like
Never can get enough
You got me feeling like a girl in love

You got me smiling Like I never smiled before
You got me falling
Like I never fall before
You got me
Feeling like I never can get enough
You got me feeling like a girl in love
