Spoken:

This Christmas, I just want to share it with you.
'Cause you're the one, the only one

Baby, please believe me
You're the only one I'll ever need
Let me be your very first Christmas love

Christmas is a time for love
And you're all I'm thinking of
Under cover of a winter storm
Hold me tight, and keep me warm

In the past, when we were close, I would run away
But now I know for sure that I'm gonna stay
And, baby, there's no greater gift you could give to me
Wrap me in your love underneath the Christmas tree

Chorus:

Baby, please believe me
You're the only one I'll ever need
Let me be your very first Christmas love
Every night I dream of you
Make my every dream come true
Let me be your very first Christmas love

I just can't describe this thing I feel
I only want to have a love that's real
You're the first thing on my Christmas list
Since the first time that we ever kissed

In the past, when we were close, I would run away
But now I know for sure that I'm gonna stay
And baby there's no greater gift you could give to me
Wrap me in your love underneath the Christmas tree

Repeat Chorus

Oh, baby, just maybe
We could make it last the whole year through
Sounds crazy, just maybe
Every Christmas it'll be just me and you

Me and You

Repeat Chorus 2x
